

Christ Church CofE Primary School

23rd April 2021

Dear Parents and Carers,

Thank you very much to all of you that attended parents evening this week. I know that it was very different to how we normally have parents evening so thank you for being so understanding and supporting us with this new way of working. If you still need to arrange a parents evening please contact school and we will be happy to rearrange.

We have had an exiting week in school with lots of activities and things going on. In year 5 , in French they have been learning all about the bakers- les boulangers– and preparing to ‘visit next week and buy and taste different types of French bread.

Year 2 have filled the school with the smell of cress, as part of their working they are doing in science they are learning all about how things grow and develop. They have also been outside in maths lessons measuring the playground.

On Monday work will begin on the installation of a Zebra crossing on the road next to Alma Place. There may be disruption to traffic whilst the work is being completed.

Don't forget we are still taking part in the Living Streets, walk to school project so this is a good opportunity to walk, scoot or cycle to school and avoid the traffic.

Take Care,
Mrs. Bradford

Internet Safety

Due to the increasing time that children are spending on screen, we are having a huge focus on internet safety. To make the most of the internet, children need to make smart decisions. Be Internet Legends empowers younger children to use the web safely and wisely, so they can be confident explorers of the online world.

Today, children in Key Stage 2 will be bringing home a game for the whole family to play to help you learn about internet safety.

For more information and to access further resources and games to play, follow the attached link.
