

Christ Church CofE Primary School

28th May 2021

Dear Parents and Carers,

A little bit of a soggy week at Christ Church, but that hasn't stopped the enthusiasm of the staff and children. Year 3 are in the middle of making fantastic volcanos, I am really looking forward to seeing them completed! I have been amazed at the writing from our reception and year one children this week. They have all worked so hard and really should be so proud of themselves.

A reminder that School closes on Friday 28th May for half term and opens on Monday 7th June. Track and trace will continue by school during the half term holiday. If your child develops symptoms on either Saturday 29th May or Sunday 30th May please email office@christchurchps.org.uk I hope the sun stays shining and you all have a safe and healthy half term.

Take Care,
Mrs. Bradford

Primary Science Quality Mark

Mrs MacIntosh has been working so hard these last two year developing the teaching of science across school. I am delighted to share with you the exciting news that we received this week, we have achieved the Primary Science Quality Mark .
We received the following feedback-

This has been an incredibly challenging year and all the reviewers have been very impressed by the high quality of the submissions we have received. The commitment to leading science in primary school over the last demanding 18 months has been outstanding and the positive impact evident in the reflective statements and supporting documents.
